Each ticket combines one general admission and one admission to a concession—Books have a total value of \$3.75 for \$2.50. ● The General Admission ticket book makes available to you a wonderland of 424 acres; unique buildings, 82 miles of exhibits and attractions in a setting of green parks, illuminated fountains and charming lagoons.

THE CONCESSION TICKETS OFFER ADMISSION TO:

- 1—**HORTICULTURAL EXHIBITION, GARDEN AND FLOWER SHOW**—an area of over five acres devoted to the exhibits of horticulture. This is an unforgettable, glamorous spectacle of rare, colorful and exotic beauty. Here you will see gardens of every description to inspire and thrill you; with continuous special feature flower shows daily by America's foremost growers. You may dine and dance on the Balcony Restaurant overlooking the gardens and lake.
- 2—**BLACK FOREST VILLAGE, "A WHITE VILLAGE"**—from the "BLACK FOREST" region, as authentic in detail as though transplanted bodily from Germany to A Century of Progress Exposition, with its people, costumes, music and varied industries shown in a complete winter setting. Air-cooled restaurants, winter sports, including ice-skating, and—everywhere—that delightful atmosphere the German people call "Gemütlichkeit."
- 3—**OLD ENGLAND**—Cross the drawbridge 'neath the thundering Norman tower and live in Merrie England. Play around the Village Green; bargain in the Market Place, wander through the land of Shakespeare; attend a play at the Old Globe Theatre; see Sulgrave Manor, the ancestral home of George Washington; Bobby Burns' home and the Old Curiosity Shop of Dickens. Rest in the hospitality of the famous inns, and as the merry chimes peal enjoy the roast beef and ale of Old England.
- 4—**TUNISIA, "THE LAND OF THE BEDOUINS"**—is a typical village of the North African Sands of the Desert, with the real Arabic atmosphere of the Beautiful Orient. It depicts the oasis with its Bedouin families, snake charmers, veiled dancers, craftsmen, rug makers, camels, olive oils, and Tunisian wines. You find relics of Old Carthage as well as Mohammedan Mosques and Minarets—"A dream from the Arabian Nights come true."
- 5—**FORT DEARBORN**—the cradle of Chicago. An exact replica of this historic fort presenting Chicago in 1833

OR

LAMA TEMPLE—a brilliant and colorful example of early Chinese architecture reproducing China's most famous shrine, the Golden Pavilion of Jehol. It was assembled here from 28,000 separate pieces made on the original site in China

OR

COLONIAL VILLAGE—the New England of our Revolutionary fore-fathers featuring historic landmarks familiar to all. You will see Mt. Vernon, the home of George Washington; the Old North Church; the home of Paul Revere; the Village Green; the Colonial Gardens; and Cockloft Lane, with its Pirates' Gaol and Grog Shop depicting the night life of former days.
