YOU ARE INVITED TO VISIT THE UHELMANN PERMANENT EXHIBIT

So that you may see how your glasses are accurately made with the most modern facilities and equipment known to optical science, we urge you to visit us in the Pittsfield Building, Washington at Wabash.

This exhibit will prove of unusual interest to the layman, student and professional man or woman. The newest styles and developments of optical goods as well as their evolution, will be shown from earliest time to the present stage of modern eyewear.

We cordially invite you, in the interest of better vision, and will welcome the opportunity to afford you every courtesy as our guest.

A Great Sight

Gifted is he who can behold the splendors of the Nineteen Thirty-four Exposition as it lies outstretched before him.

So that many may have the power to see and enjoy countless days of comfort and pleasure . . . with your interests at heart, we desire to acquaint you with the service of the

» EYE PHYSICIAN

He is a graduate of medicine who has devoted years of special study to acquire the necessary knowledge to be recognized as an Eye Physician (Oculist).

Trained and scientifically equipped he is able to act as your counsellor especially in this day of swift and unusual demands on the nervous system.

If you think your vision is impaired get his professional advice as to the cause and remedy—and his unbiased counsel as to whether or not you need glasses.

The Uhlemann Optical Company, who dispense eyeglasses, exclusively as prescribed by the eye physician, will be glad to impartially direct you to an oculist on request.
